2010 DOWNSTATE FOOD COURSES

Illinois State Food Service Sanitation Course Offerings

The Illinois State Department of Public Health Food Service Sanitation Code requires at this time that all food service establishments that prepare and serve food shall be under operational supervision of a certified manager or supervisor. A typical food service establishment includes restaurants, carry-outs, caterers, schools, day care centers, nursing homes, deli's, hospitals and retirement homes. One person with the certificate must be on the premises at all times. [Section 750.540 of the Illinois Food Service Sanitation Code]

To meet the certification requirement, every business or establishment which serves food must complete fifteen hours of instruction from a licensed Sanitation instructor and then successfully pass the Illinois State Food Service Sanitation Exam. **To help you meet this requirement, the Corporate Training Center, Ltd. is still offering the Illinois State Food Service Sanitation Course in your area – the complete, 15 hours of instruction required to take the Illinois State Food Service Sanitation Exam:**
